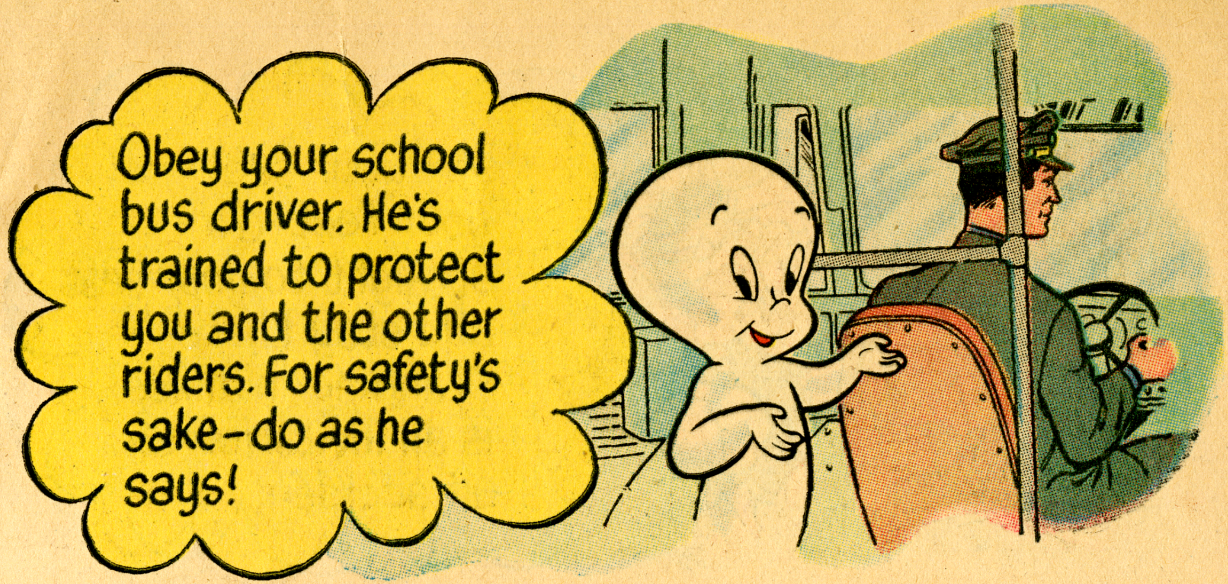
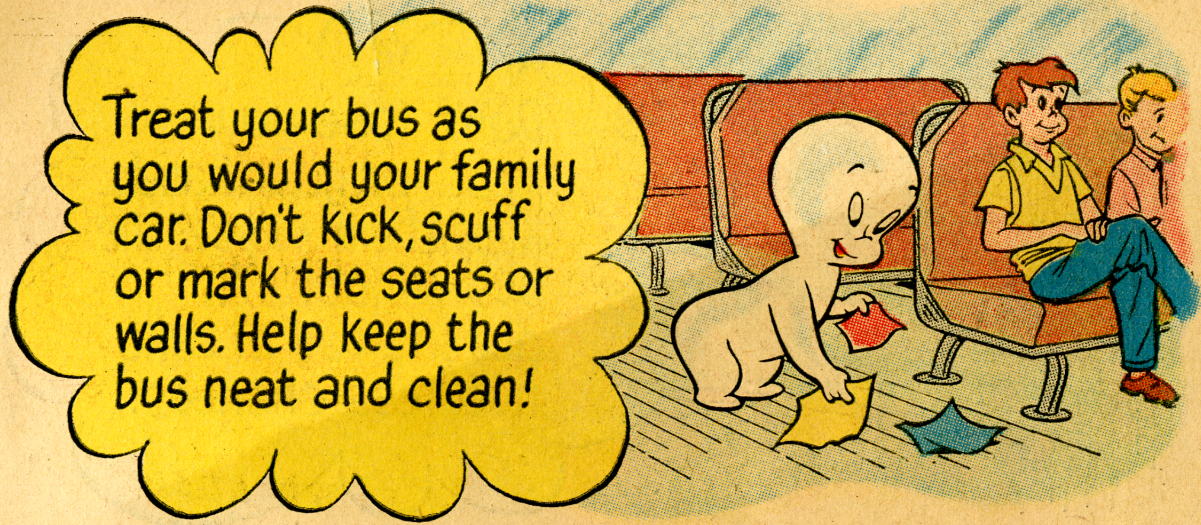
Always walk on the left side of the road- so you can watch out for oncoming traffic and it can watch out for you!

Use your seat-not your feet. Go straight to your seat and stay there. Standing in aisles is an invitation to an accident!

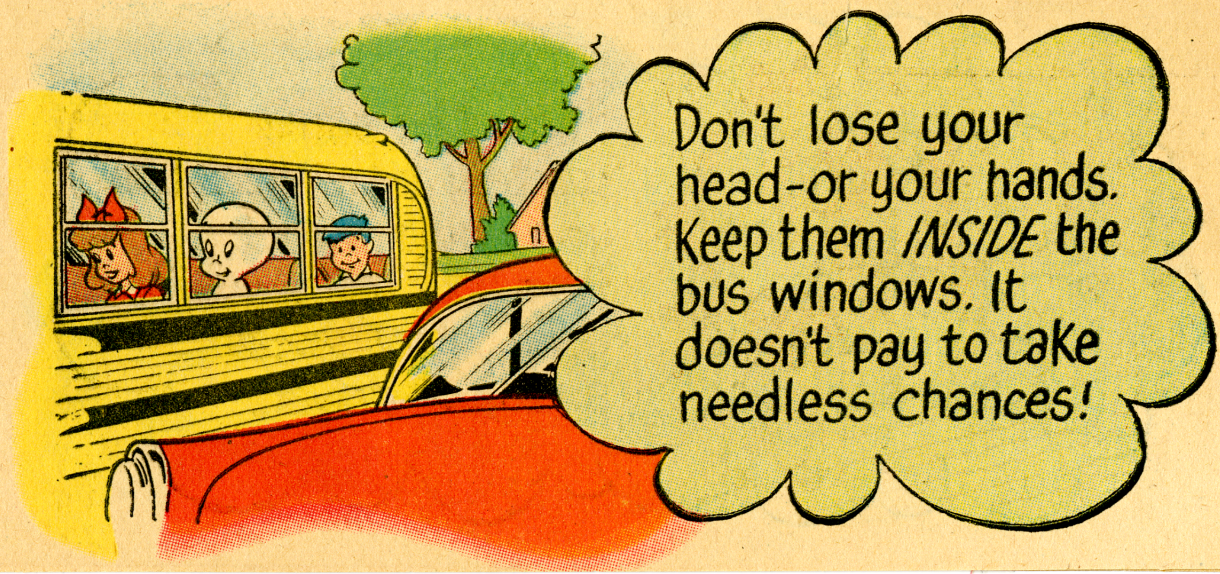


Obey your school bus driver. He's trained to protect you and the other riders. For safety's sake - do as he says!

You don't have to be an angel, but please avoid shouting, scuffling and other needless commotion that might distract your driver!



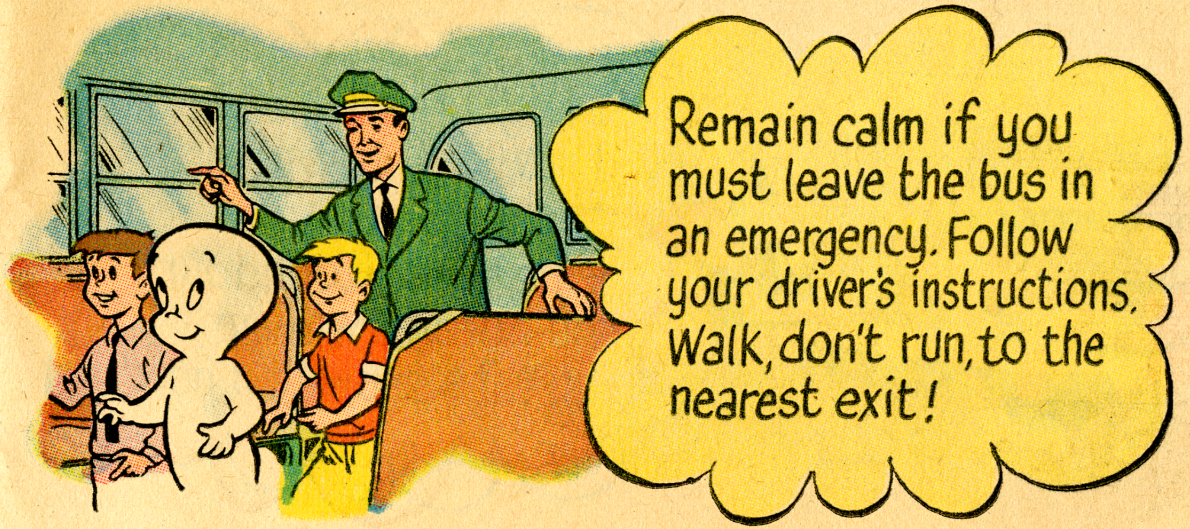
Treat your bus as you would your family car. Don't kick, scuff or mark the seats or walls. Help keep the bus neat and clean!



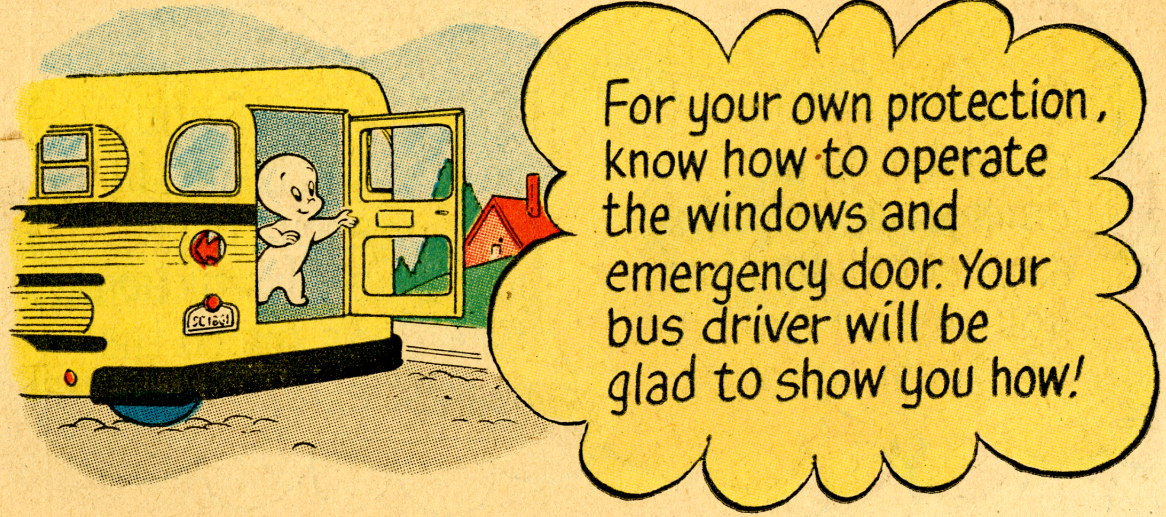
Don't lose your head-or your hands. Keep them *INSIDE* the bus windows. It doesn't pay to take needless chances!

Show the same courtesy and consideration you would expect from your fellow pupils; your patrol captain, and your driver!

Always cross the highway . . . as instructed by your driver or school.



Remain calm if you must leave the bus in an emergency. Follow your driver's instructions. Walk, don't run, to the nearest exit!



For your own protection, know how to operate the windows and emergency door. Your bus driver will be glad to show you how!

Be a big brother or sister. In an emergency help the smaller children near you. Set an example for them to follow.
